## Tuition

---

From September through May, there are thirty-four scheduled weeks of classes in Halestone's calendar year. Tuition for the year of dance classes can be paid:

- In full, at the time of registration
- In 2 equal installments, made in August and December
- In 8 equal installments, made August through March
- In 10 equal installments, made May through March through March

The length of each class determines the cost of the class. Once you have made your course selections, add together the total number of hours your student is taking per week and see the tuition table below to determine the year's total tuition. Multiple class discounts are given to any dancer who takes 2.5 or more hours of class a week. Monthly installment rates are based on the total cost of tuition divided by the number of installments to be made.
